March 2024

**We're Here For You Canada** is a non-profit that is going to put on an educational awareness campaign in your community. We provide comfort kits to Hospitals and Public Health Centres for those who experience Intimate Partner Violence, Sexual Assault and Gender Based Violence. Our organization also provides educational programs to communities and will be coming to your area, the city of Saint John on May 15, 2024 .

The primary objective of this project is to raise awareness and educate youth and adults about human trafficking, internet safety and sexual violence in the province of New Brunswick. Increasing understanding of how and why this happens and the resources available for help.

For 2024 our goal is to be in all Public Health Centers and Hospitals in NB. Currently we are in 5 Hospitals and are working to get established in Vitalité Health Network in the next few months. Unfortunately, the need for this service is growing not shrinking and our communities need our support and presence more than ever.

As always, we aim to keep our costs as low as possible and that's where you can help to make the difference. We are asking for sponsorship to help put on a successful event in your area. We have four levels of sponsorship to choose from on page two. If you are not able to make a monetary donation at this time but would like to learn more about We're Here For You Canada and what and why we do what we do, as well as other ways to support us, then I urge you to check out our website at **[www.werehereforyou.ca](http://www.werehereforyou.ca)**

Don't miss out on the chance to make a positive impact in your community! Together, we can help end gender based violence .

We appreciate your time and THANK YOU for any contribution you can make. **Sponsorship form attached in this email.**
